AI Trade Flow — Advanced Education and Trading

Effective Date: [DATE] · Last Updated: [DATE]

1. What We Own

The AI Trade Flow platform and everything in it — the website, member portal, trading interface, software, course videos, livestream recordings, written materials, graphics, page layouts, the "AI Trade Flow" name, logo, and the "Advanced Education and Trading" tagline — are the property of AI Trade Flow LLC or its licensors and are protected by U.S. and international copyright, trademark, and trade-secret law. All rights not expressly granted are reserved.

2. Your License as a Member

An active membership grants you a personal, non-exclusive, non-transferable, revocable license to access and view the Services and their content for your own individual, non-commercial use. This license ends when your membership ends or is terminated.

3. What the License Does Not Allow

Except with our prior written permission, you may not: copy, download, record, or redistribute course or livestream content; rebroadcast, publicly screen, or resell access to any session; share member-portal credentials; scrape, crawl, or bulk-extract any part of the Services; use platform content or data to train machine-learning models; reverse-engineer, decompile, or create derivative works from our software; remove copyright or trademark notices; or register domains, social handles, or marks confusingly similar to ours.

4. Content You Contribute

You keep ownership of content you post in community areas — questions, strategy threads, chat messages. By posting, you grant AI Trade Flow a worldwide, royalty-free, sublicensable license to host, display, reproduce, and moderate that content as needed to operate and promote the Services. You represent that your contributions are yours to post and do not infringe anyone else's rights. We may remove contributed content that violates law, these terms, or community standards.

5. Trademark Use

"AI Trade Flow," our logo, and our trade dress may not be used in any advertising, product, domain name, or endorsement without written permission. Independent marketers receive limited brand-use guidelines under the Independent Marketers Disclosure; any use outside those guidelines is unauthorized. Nominative fair use — accurately referring to us by name — is always permitted.

6. Third-Party Marks and Content

Exchange names, coin names and logos (for example, USDT), and other third-party marks that appear in the interface belong to their respective owners. Their appearance is for identification only and implies no affiliation, sponsorship, or endorsement in either direction.

7. Copyright Infringement Claims (DMCA)

If you believe material on the Services infringes your copyright, send a notice under 17 U.S.C. § 512 to our designated agent: [AGENT NAME], AI Trade Flow LLC, [ADDRESS], dmca@[DOMAIN]. Include: identification of the work; the location of the allegedly infringing material; your contact information; a good-faith statement; a statement of accuracy under penalty of perjury; and your physical or electronic signature. We respond to valid notices, may remove material, and terminate repeat infringers. If your content was removed and you believe that was a mistake, you may file a counter-notice with the same agent.

8. Feedback

Suggestions and feature ideas you send us may be used and implemented without restriction or compensation — though we appreciate them, and say so.

9. Enforcement

We actively protect our intellectual property and will pursue unauthorized copying, resale, or rebroadcast of member content, including through account termination, DMCA action, and litigation where warranted.
